IN MEMORIAM

In loving memory of Herbert I. Bean, who passed away on March 25, 1952

We miss your kind face and the touch of your hand— It was always a joy just by your side to stand.

But God called, and you left for that Heavenly shore Where pain, toil, and sorrow are heard of no more.

As a Husband and Dad and Grandfather, too, There was never one more devoted than you— And tho' it's ten years now since you went away, Your memory grows dearer with each passing day.

ANNUAL REPORT OF
BETHEL HEALTH AND
SERVICE COUNCIL

The Bethel Health and Service Council has been active this past year in both the "Health" and the "Service" areas of this organization. The success of this program is due to the assistance and interest of the various organizations and many people throughout the communities who volunteered their help.

The most ambitious program to date is the Dental Health Project which is well underway, and already encouraging results are being shown. It was formed under the able leadership of Mrs. Samuel Timberlake in April 1961. It has inaugurated a three-fold program, consisting of:

- (a) Education in the schools attended by children of Bethel, Greenwood, Gilead, Albany and Newry.
- (b) Two Poster Contests, (1961 and 1962) in the above schools.
- (c) Community Program featuring a talk by Miss Dorothy Bryant, Division of Dental Health, and the showing of a suitable film.
- (d) An evening of orientation to dental health Teaching Resources for teachers in School Union No. 22.

(e) Corrective Care Clinic

Operated two mornings monthly with joint sponsorship of our local dental physician, Dr. John W. Trinward and his registered Dental Hygienist, Miss Jane Greig. It is for children in Grade 2 of our area schools. It least sixteen children will be completed by the end of the school year.

(f) Topical Sodium Fluoride Application Program

By encouraging and promoting the topical fluoride applications, the Dental Health Committee has stimulated financial and volunteer support to provide pre-schoolers, and members of Grades 2, 5, and 8 with this service. The program is supported as follows:

- (a) Salvation Army: a general donation to be distributed as needed.
- (b) In Greenwood: The Parent-Teacher's Group and the American Legion Auxiliary.
- (c) In Newry: The Newry School Committee.
- (d) In Bethel: (For Bethel, Albany and Gilead children) The Bethel Health and Service Council and the Bethel Parent-Teacher's Association.

The Greenwood Topical Fluoride Applications were done this winter, and the Bethel-Newry program is scheduled to start May 21.

Other activities of the Bethel Health and Service Council this year are as follows:

- (1) Sponsored T. B. X-ray and Diabetic Detection Unit which surveyed over 500 persons in Bethel area industries and businesses.
- (2) Operated a used clothing depot from which approximately 60 families received clothing.
- (3) Operated a loan closet of hospital equipment. The hospital bed was used by six persons and the new wheelchair by three.

(4) Provided transportation for several persons to clinics.

(5) Spent approximately \$316.00 in aiding thirteen needy cases, paying for glasses, groceries, orthopedic shoes, dressings, certain hospital bills, and other items of assistance.

(6) Provided Thanksgiving food boxes, Christmas food, clothing, and toy boxes for about thirty needy families in the Bethel area. The Junior Chamber of Commerce collected and repaired toys as their share in the project.

The President and Secretary attended the New England Health Institute at Colby College in June and found it most informative about promoting health careers in Maine.

The Health Council Executive led a panel discussion of its activities in October at a luncheon meeting of District No. 2, Public Health Nurses. Much interest was expressed about the Dental Health Program.

The one fund-raising activity for the year was a successful "Mollycoddle Day" bazaar under the excellent organizing of Verne Smiley Jr. The "Day" itself was threatening but "Miss Maine" duly appeared in a wonderful parade and the

CHAMBER OF COMMERCE
MEETING APRIL 3

The regular meeting of the Bethel Chamber of Commerce will be held April 3, Tuesday, at the West Parish Congregational Church. A dinner will precede the meeting.

Uel Gardner will narrate a film on wild life which was prepared by the New Hampshire Fish and Game Department. In addition to being ski instructor at the Sunday River Skiway, Mr. Gardner is a guide in the Allagash summers, and is well known for his interesting and instructive talks.

Vance Richardson is in charge of the program.

APRIL CANCER MONTH

Mrs. John Trinward, chairman of Northern Oxford County Cancer Crusade, announces that the Bethel Chairman for 1962 is Mrs. Addison C. Saunders. Her assistants are Mrs. John Young, Mrs. Dana Brooks, Mrs. Frank Hunt, Jr., Mrs. Andrew Boyd, Treasurer, and Mrs. Howard Cole, Education Chairman.

In 1937 only one-in-seven cancer victims was being saved. A few years ago only one-in-four was saved. One cancer patient in three is now being saved. The gain in lives saved amounts to some 42,000 patients each year. Of every six persons who get cancer today, two will be saved and four will die.

Numbers 1 and 2 will be saved. No. 3 will die but might have been saved had proper treatment been received in time. Nos. 4, 5 and 6 will die of cancers which cannot yet be controlled; only the results of research can save these patients. This means that today half of those who get cancer could and should be saved by early diagnosis and prompt treatment. Thus, the immediate goal of cancer control in the United States is the annual saving of 260,000 lives, or half of those who develop cancer each year.

"To Cure More—Give More" is the theme of the 1962 crusade.

Cancer's Seven Danger Signals

1. Unusual bleeding or discharge.
2. A lump or thickening in the breast or elsewhere.
3. A sore that does not heal.
4. Change in bowel or bladder habits.
5. Hoarseness or cough.
6. Indigestion or difficulty in swallowing.
7. Change in a wart or mole.

If your signal lasts longer than two weeks go to your doctor to learn if it means cancer.

dark clouds did not dampen the spirits of the participants in the Fishing Derby.

A net profit of \$1009.55 was realized from this venture.

The officers of the Bethel Health and Service Council wish to thank everyone who has given assistance and encouragement in the past year, and hope that all organizations and volunteers will continue to support the Council in its projects for 1962.

The East Bethel Early Risers

4-H Club met at the East Bethel School March 23, Friday night for a public meeting. Mrs. Dana Jackson showed slides afterward and Stanley Howe gave a demonstration on how to care for small tools, and John Thurston on how to make shorty skis. Refreshments were served afterwards.—John H. Haines

NEW CHRISTIAN SCIENCE

RADIO SERIES IN APRIL

A new radio series designed to highlight the essential vitality of Bible teachings has been announced by the Christian Science Church.

Starting April 8 more than 700 stations will broadcast the weekly 15-minute series called "The Bible Speaks to You."

The programs describe how prayer can meet familiar problems confronting people in all ways of life. They feature well-loved selections from the Bible, read against a background of organ music. Informal discussion brings out the practical application of these teachings.

"The Bible Speaks to You" replaces the series "How Christian Science Heals" which has been on the air since Sept. 18, 1953. It is produced by The Mother Church, The First Church of Christ, Scientist, in Boston. Will B. Davis, Manager of Committees on Publication, is in charge of the project.

In announcing the release of the new programs, Mr. Davis said: "Mankind needs as never before the healing and comforting message of the Bible. Our programs will show how practical and vigorous the Bible teachings can be in meeting today's problems."

WHAT DO YOU SAY TO A KID WHO CAN'T WALK ?

For her, learning to walk is hard, hard work. Sometimes she cries.

Usually you can josh her along. But words don't always help. So you love her—until she gets her fight back. Then she's ready to try again.

Love is one of three things that help a crippled child walk. The other two are skill and money.

We've found people with love and skill to give, like the Easter Seal therapist in the picture.

We're looking to you for the money. Not a lot—just enough to put one kid one day closer to walking.

JUNIOR SKI CLUB

There will be a cook out on top of Barker Mountain in the snow fields for all Junior Ski Club members Sunday, April 1 at 12 noon. Your lunch will be furnished by the club. Come and bring an appetite.

Any seniors who wish to join us at the top and furnish their own food are more than welcome. There should be plenty of fire left after the juniors are fed.

MAIN STREET PARKING RESTRICTIONS ON TRIAL

A two months trial of restricted parking on Main Street became effective last week when No Parking signs were placed on the southerly side of Main Street between Brooks Brothers' store and the driveway on the Garey York property adjoining the Odd Fellows lot.

The distance affected has long been a problem area during "rush periods." If the experiment results in improvement without undue dissatisfaction it is understood the rule will become permanent.

Regulation of parking throughout the town, according to the ordinances adopted March 5, 1956, is in the hands of the Selectmen. At present the only other restricted sections are lower Main Street and lower Church Street.

BETHEL BOYS TO BE ON TV MONDAY EVENING

Michael Chretien and Robert Tift, Jr., will be presented in the semi-finals contest on "Youth Cavaliade," WOSH-TV, channel 6, on Monday evening. Two winners will be chosen from this program, judged by the number of post card votes sent in by viewers, to compete with the two winners of the March 26 semi-finals, for a final contest on April 9. The winner of this final contest, judged in the same manner, will have a choice of a \$100 Savings Bond or a three-day trip to New York.
